THE ROUTE · 5 STEPS FROM STREET TO DOOR

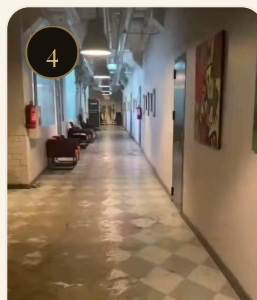

Walk along Kastani street to the black facade of Aparaaditehas. Landmarks — the Saiko shop on the corner and a pedestrian crossing.

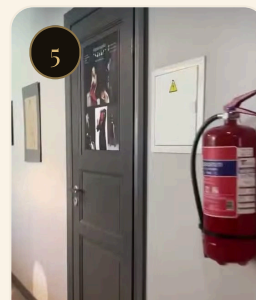

Your entrance is under the black canopy with a big "2", opposite the bike racks.

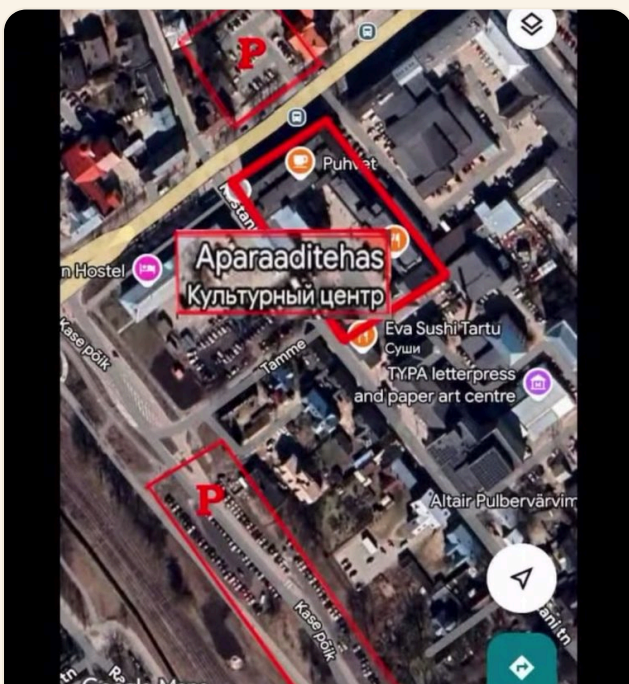

Inside, take the stairs to the 2nd floor. Landmark — the cosmonaut mosaic.

Go through the dark glass door and along the long corridor with paintings.

The grey door with the "Fotostuudio Sära" poster, a fire extinguisher beside it. You're here!

Parking: free zones are marked **P** — by Pauluse church (across Riia street) and along Kase põik. Tartu Smart Bike racks are right at door No. 2.
